

Welcome to NETFS Open Day for Successful Applicants

11th January 2012

This booklet provides a summary of general information about NETFS and our partner Trusts, that incoming Foundation Doctors may find helpful. Please note that this document only provides an overview. Where overarching information is provided for all Trusts (NETFS page), we suggest you double check the full details for individual Trusts on the About Us section of our website www.netfs.org.uk.

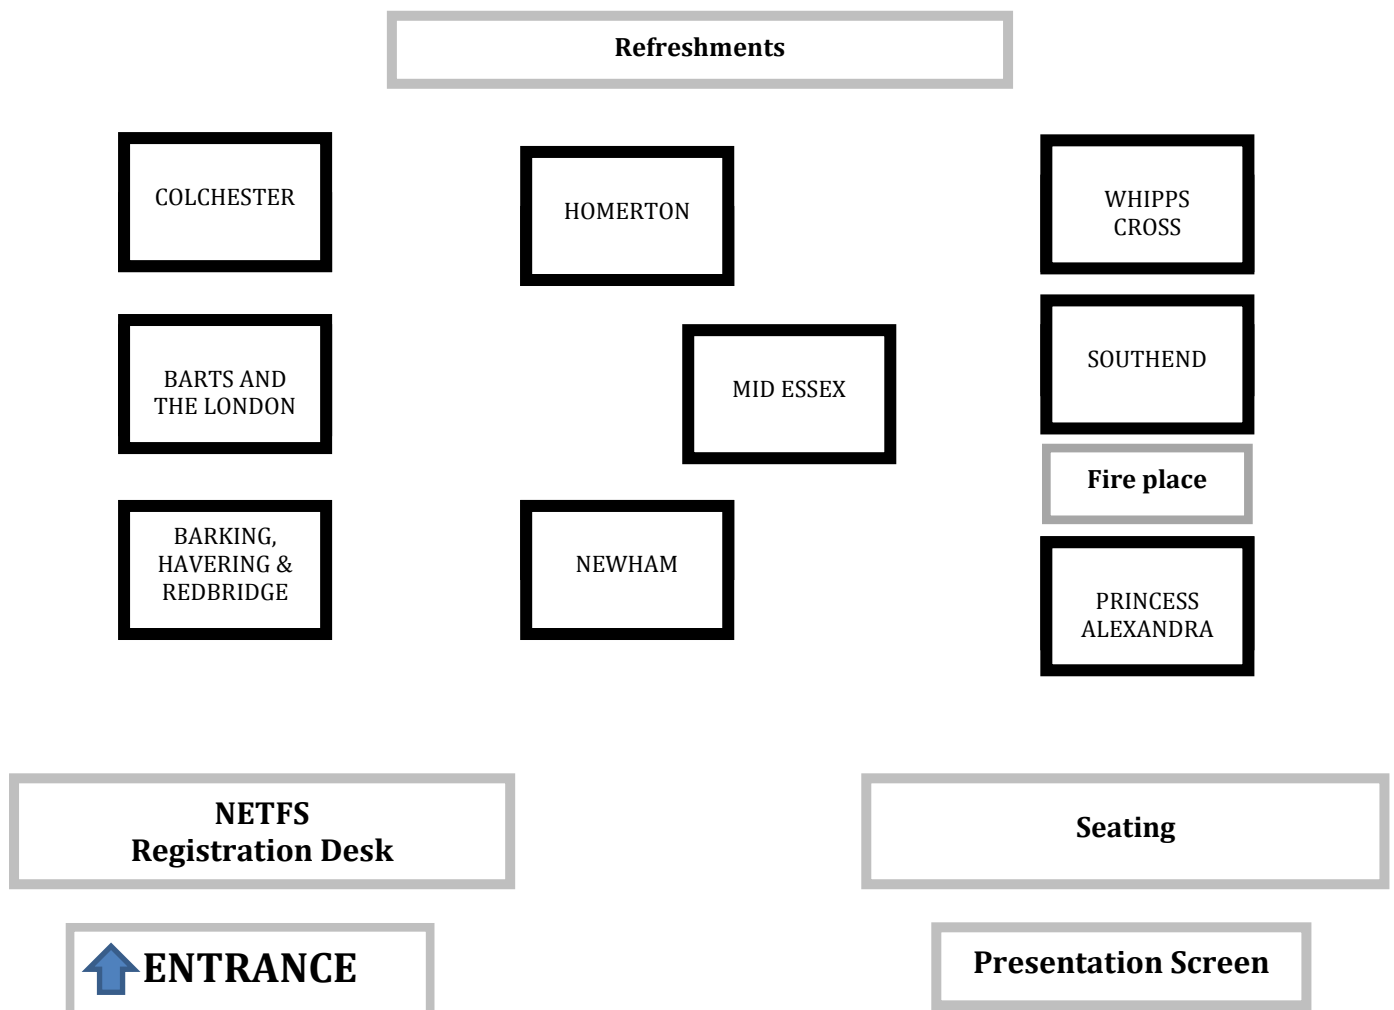

Agenda for today

2PM: **Introduction** by Dr Michael Glynn, NETFS Director

Opportunity to visit the stands and **meet our Trusts and Foundation School Staff**

Screen Presentations from each Trust will be on a repeating pattern during the event

Room Plan

Contents and General information

1. NETFS	6. Mid Essex
2. Barking, Havering & Redbridge	7. Newham
3. Barts and The London	8. Princess Alexandra Hospital
4. Colchester	9. Southend
5. Homerton	10. Whipps Cross

General information that applies to employers – Please check our website ‘About us’ section for specific details relating to each Trust

Educational and Clinical supervision*
<p>An educational supervisor is allocated to each foundation doctor to maintain an overview of development and progress of the doctor within the training programme. The specific arrangements for allocating educational supervisors can vary but one ES per year is the preferred model.</p> <p>Foundation trainees are usually allocated a clinical supervisor for each post who will supervise the trainee in consultation with the Programme Director. An educational agreement will be completed at the initial interview of each post. Mid point reviews are required in each post.</p>
Study leave*
<p>Study leave is only permitted during the F2 year and is not available during F1. Special arrangements may be made for F1 doctors who wish to arrange career “taster” sessions during the last four months of their F1 year. The study leave policy can be found at http://www.londondeanery.ac.uk/foundation-schools/policies-guidance-application-forms</p>
Induction/shadowing*
<p>London Deanery: Trainees are strongly recommended to attend a period of 5 days preparation for practice prior to starting F1. Trainees do not receive payment for attending.</p> <p>East of England Deanery Trusts: Trainees have to attend a mandatory preparation for practice week, including induction and shadowing activity. Trainees are paid for attending.</p>
Terms and Conditions of employment*
<p>The post is subject to the Terms and Conditions of Service of Hospital Medical and Dental Staff as modified from time to time. Current copies of these Terms and conditions may be seen in the Personnel Office.</p> <p>All staff appointments are made subject to the receipt of satisfactory references and all initial appointments to the national health service are made subject to satisfactory medical and police clearance being produced. A medical examination may be necessary on initial appointment and periodically thereafter.</p>
Salary*
<p>The salary scale is in accordance with the current national rate and placement within the scale will be in accordance with previous reckonable service.</p>
Annual leave*
<p>F1 doctors are entitled to 27 days annual leave in the year.</p> <p>The 27 days entitlement does not include the 8 statutory holidays. If a foundation doctor works any part of a bank holiday they are entitled to an additional days leave in lieu.</p> <p>In some specialties there is some restriction on when a foundation doctor can take their leave during the 4 months (e.g. not on their ‘hot week’ for surgery). The individual directorates will inform the foundation doctor of any specific restrictions on when they can take leave.</p> <p>The foundation doctor is required to book their leave at least 6 weeks in advance via the relevant Practice Manager.</p>

North East Thames Foundation School

Key school personnel

- Postgraduate Dean: Dr Andrew Frankel
- Foundation School Director: Dr Michael Glynn
- Foundation School Manager: Mrs K Brooks
- Foundation School Co-ordinator: Mrs C Rust
- Foundation School Administrator: Mrs A Dhayalan
- Foundation School Assistant: Mrs A Barker

Foundation doctor forums

North East Thames Foundation School encourages foundation doctors to contribute to, and participate in various forums. At school level there is F1 and F2 representation on the NETFS. At a London Deanery level, there is F1 and F2 representation at appropriate committees and trainee forums (standard and academic).

At local level, each employing trust has F1 and F2 representation on their Foundation Committee. Additionally, there are national forums conducted by UKFPO.

Time Out of Foundation Programme (TOFP)

Foundation doctors contemplating requesting TOFP should check the relevant guidance on the London Deanery website: <http://www.londondeanery.ac.uk/foundation-schools/policies-guidance-application-forms>

Applications must be approved and signed by the local Foundation Training Programme Director/Tutor and the Foundation School Director.

F2 outside the UK

North East Thames Foundation School does not support or accredit doctors who wish to undertake their F2 year outside the UK.

Flexible training (Less than full time)

The policy for those training in East of England Deanery Trusts can be found at: http://www.eoedeanery.nhs.uk/medical/page.php?page_id=62.

The policy for those training in London Deanery Trusts can be found at:

<http://www.londondeanery.ac.uk/foundation-schools/policies-guidance-application-forms>.

Inter Foundation School Transfer (IFST)

Foundation doctors contemplating requesting an IFST should check the relevant "Guidance for Applicants" in the Key Documents section of the UKFPO website: <http://www.foundationprogramme.nhs.uk/pages/home/key-documents#ifst>

Applications must be approved and signed by the local Foundation Training Programme Director/Tutor and the Foundation School Director in the first instance.

Synapse

Synapse is a rich web based collection of online facilities connecting all those involved in postgraduate medical training in London. Here you can share news and information, seek advice, view documents and policies and stimulate professional discussion. Relevant news from NETFS will be posted on this site

E-portfolio

e-portfolio is the mechanism used to record your progress as you move through the foundation programme. The record will be used as the primary evidence to sign you off your F1 and your F2 year in turn.

ELFH

e-Learning for Healthcare (e-LfH) is an award winning e-learning programme providing national, quality assured online training content for the healthcare profession. We encourage trainees to use this valuable resource to enhance your foundation training experience

eHandbook

The Foundation Doctor e-Handbook has been created as a one stop guide for Foundation Doctors within the Thames Foundation School Scheme. Please visit www.londondeanery.ac.uk to see its full contents.

Homerton University Hospital NHS Foundation Trust

Key local education provider personnel

- Director of Medical Education and Foundation Training Programme Director for F2s:
Dr Eleanor Wood
- Associate Director of Medical Education and Foundation Training Programme Director for F1s:
Dr Daniel Krahé
- Associate Director of Education: Mr Robert Duke
- Medical Education Manager: Mrs Magdalena Tosun
- Medical Education Co-ordinator: Ms Cathy Miles

Teaching information

F1s:
F1 teaching is weekly and lasts two hours (12.30-14.30). Teaching is bleep-free, and all F1s are expected to attend if they are scheduled to be at work. Attendance is monitored, and trainees are expected to send their apologies when they will not be attending. Trainees are expected to complete an evaluation form. The collated feedback is used to inform decisions regarding the programme.

F2s:
F2 teaching is organised as a number of whole-day events, which take place throughout the year. Teaching is bleep-free, and all F2s are expected to attend if they are scheduled to be at work. Attendance is monitored, and trainees are expected to send their apologies when they are not able to attend. Trainees are expected to complete an evaluation form. The collated feedback is used to inform decisions regarding the programme.

Beds and Services

The hospital has almost 500 beds, including a 50 bed nursing home, Mary Seacole Nursing Home, in Shoreditch east London.

The hospital services the East London borough of Hackney and also the City of London. Specialist care is provided in obstetrics, neonatology, fetal medicine, laparoscopic surgery, fertility, bariatric surgery, obesity surgery and neurorehabilitation.

Pay

The banding of posts cannot be confirmed until one month prior to the commencement of the post. The current banding for our Foundation Programme posts is as follows:

Foundation Year 1

Unbanded	Medicine
1B	Surgery
1A	Acute Care

Foundation Year 2

Unbanded	GP, Haematology, GUM
1B	
1A	Emergency Medicine, Acute Care Cardiology, Elderly Medicine, Respiratory Medicine, O&G, Stroke, Paediatrics, Psychology

Accommodation

On-site accommodation is available via London Strategic Housing. Please contact them for further details: <http://www.londonstrategichousing.com/>.

Mid Essex Hospitals Trust

Key local education provider personnel

- Clinical Tutor - Dr John Durcan
- F1 Programme Director – Dr Keith Hattotuwa
- F2 Programme Director – Dr Ellen Makings
- Head of Learning and Development - Catherine Lee
- Education Centre Manager – Mrs Gill Slater
- F1 and F2 Programme Administrator – Denise Hearn
- Careers Lead – Dr Sharon Lim

Teaching information

F1 teaching is undertaken weekly on Wednesday's and Thursday's – these are 1 hour lunchtime sessions from 12.30 until 13.30. Approximately every three weeks the generic afternoon sessions take place from 14.00 until 17.00 All sessions are bleep free. FY2 teaching is undertaken approximately every three weeks from 14.00 and 17.00. These sessions are bleep free. Trainees are required to attend 70% of the training session towards successful sign-off.

Supervisors are all informed that trainees should be released for teaching sessions. Attendance lists are signed at the beginning and the end of each session. The Generic sessions take place at times avoiding holidays, half terms, change over dates etc. to try to ensure optimal attendance. After each session, a non-attending trainee is sent a tracked email asking them for reasons for non-attendance.

Beds and Services

- New Acute Admissions Unit
- Renal dialysis unit
- Regional Plastics and Burns Unit
- New Cardiac Catheter Lab
- Mock exam held for 3rd year medical students
- Students get a mentor and personal record card of cases seen
- New Paces Exam courses
- 550 bed hospital

Pay FY1 – Starting salary £22,412

FY2 – Starting salary £27,798

Banding info

Subject to Change:
 A&E – 1A
 ENT – 1B – FY1 1A – FY2
 General Surgery – 1B
 ITU - 1A (1B for F1 in Medicine Rota)
 Medicine – 1B
 Obs & Gyn – 1A
 Orthopaedics – 1A
 Paeds – 1A

1A/2B – 50%
 1B – 40%
 2A – 80%
 1C – 20%

The banding is a payment that reflects the unsocial element of weekend working plus the out of hours (before 7am and after 7pm) and any additional hours over the basic of 40 hours per week that are within a rota. The more unsocial hours that are in the rota then the payband is likely to be higher and therefore pay more. The number of doctors on the rota will also have an impact on the payband as a rota with a small number of doctors is likely to be at a higher payband as there will be more weekend working rostered in.

All our F1 positions currently have a 1B payband (an extra 40% of basic salary is paid to reflect the unsocial hours).

Accommodation

SINGLE

- Flats each having 4 bedrooms with ensuite shower room.
- Communal lounge with TV and DVD player (this TV license is paid for by Swan Housing).

- Dr P Bishop (Anaesthetics & General advice)

Teaching information

FY1 teaching is undertaken weekly on Tuesday lunchtimes at the Medical Education Centre, Parndon Hall from 13.00 – 14.00 (preceded by a post-mortem in the mortuary). There is also a monthly teaching session on the first Friday of each month from 13.00 – 14.00. Both sessions are mandatory for FY1's and both are bleep free. Lunch is provided.

FY2 teaching is undertaken weekly on Thursday lunchtimes at the Medical Education Centre, Parndon Hall from 13.00 – 14.00. Sessions are mandatory for FY2's and are bleep free. Lunch is provided. Trainees are expected to attend 75% of the training sessions provided and to link the teaching to their curriculum.

Communication within the trust environment is carried out via email and text messaging so use of the Trusts email address is essential and use of a mobile telephone is desirable.

Beds and Services

The Princess Alexandra Hospital NHS Trust is located in Harlow, Essex and is a 489 bedded District General Hospital providing a comprehensive range of safe and reliable acute and specialist services to a local population of 258,000 people. We are committed to the core principles of the NHS which are to provide services that meet the health needs of everyone and are free at the point of delivery.

We will shape our services around the needs of all patients including providing access to and information about our services to all who may choose to use us, and in a manner which promotes the greatest level of understanding and accessibility.

The Hospital is monitored and regulated by the Care Quality Commission.

Pay

Salary = basic pay + banding
Basic pay = £22,412 + London fringe weighting
Banding = 40-50% (1b = med / 1a = surg)
Average pay = ~£32,000

Accommodation

From August 2008 FY1 doctors have been required to pay for Hospital accommodation. Single and married accommodation is available at The Princess Alexandra Hospital, though not guaranteed for successful applicants. Married accommodation is at a premium and for further information please contact the Accommodation Manager on 01279 827363.

SOUTHEND UNIVERSITY HOSPITAL NHS FOUNDATION TRUST

Whipps Cross University Hospital NHS Trust

Key local education provider personnel

- Martin Hamilton-Farrell DME
- Imran Zia, FTPD
- Lina Hijazi, Associate FTPD
- Lindsey Levey –Locum PGCM
- Amina Begum FY Administrator

Teaching information

Combined Foundation teaching is held every Thursday afternoon 1-2 ME, 2-4 MET SUITE.

The Medical Education Centre provides facilities and support for the education, training and professional development of medical staff and undergraduates to ensure the effective delivery of high quality health care and current good practice.

Rooms and equipment are available to all departments. Training workstations in computer aided learning rooms are also on offer to medical students and all staff.

The facilities available are as followed:

Lunch-time medical education meetings known as Grand Round are a popular venue for consultants and trainees of all specialties to meet their colleagues to get together over lunch in the medical staff lounge before attending a lively and interesting presentation in the nearby lecture theatre (Every Tuesdays at 1pm).

Beds and Services

Whipps Cross University Hospital NHS Trust is situated on the outskirts of Leytonstone. We serve the population of Waltham Forest, west Redbridge, Essex and east London. Serving a local population of more than 350,000.

Whipps Cross Hospital dealt with around 480,000 patient cases in 2010/11

We provide a comprehensive range of acute healthcare services, responding to both emergencies and planned operations and have a total of 30 wards.

These services include full range of medical and surgical specialties for inpatients, outpatients and day surgery, as well as maternity services and a 24-hour Accident & Emergency unit.

The Trust has built a strong reputation as a Centre for a range of specialist care, such as ophthalmology and ear, nose and throat services, increasingly attracting patients from further afield.

We also have education, training and research roles with an excellent track record on training that the Trust is very proud of.

Pay

Banding information can be received from our stall.

Accommodation

The Trust has no Hospital accommodation.
