Deadline for ranking programmes is 25th January 2012. If you do not submit preferences you will be randomly allocated.

Unlinked F2 programmes

- You will see that there are number of programmes which have no F2. This is because the School has an imbalance between the two foundation years. We usually allocate to the F2 year in the spring, so we will contact you as appropriate in early 2013. Your FPAS score will be used in the allocation process for those with unlinked F1 jobs.
